# Main application fields

**Oil and Gas**

**Substations**

**Industry**

**Tertiary**

**Biomass Plants**

**Transportation**

**Marine and Offshore**

**Windfarm**

**Hydroelectric Plants**

**Photovoltaic Plants**

**Mining Plants**

**Telecommunications**

# INDUSTRIAL PRODUCTS

## HD Industry Series

Industrial AC uninterruptible power supply for heavy duty applications, flexible, sturdy and reliable.

Designed to be customizable according to customers specifications.

Recommended for installation in places with extreme environmental conditions.

Designed and built entirely in Italy.

- > up to 120kVA
- > 3PH+N or 3PH input
- > 3PH+N or 1PH+N output
- > expandable autonomy
- > easily customizable
- > galvanic insulation transformer output

## HD Continuity Series

Industrial AC/DC rectifier charge battery for heavy duty applications, flexible, sturdy and reliable.

Designed to be customizable according to customers specifications.

Recommended for installation in places with extreme environmental conditions.

Designed and built entirely in Italy.

- > up to 2.000A
- > IEC 62040-5-3 compliance
- > Single or dual configurations
- > expandable autonomy
- > easily customizable
- > galvanic insulation transformer input
